🔗 Portfolio

👤 PROFILE

Front-End Developer with 1+ year of experience in building responsive and user-centric web applications using HTML5, CSS3, JavaScript, and React.js.

Skilled in developing reusable UI components, dynamic forms, REST API integration, and state management. Strong understanding of responsive design, cross-browser compatibility, website performance optimization, and clean code practices. Experienced in using Git and GitHub for version control, collaboration, and project management. Passionate about improving website speed, scalability, and delivering high-quality user experiences.

📁 PROFESSIONAL EXPERIENCE
